SUMMARY

Aspiring Full Stack Developer with a strong foundation in front-end technologies including HTML, CSS, JavaScript, and React.js. Hands-on experience building responsive, user-friendly, and SEO-optimized web applications through internships. Currently enhancing back-end skills in Node.js and Python to become a well-rounded developer. Familiar with Git and collaborative workflows. Eager to contribute to dynamic teams, grow professionally.

SKILLS

Frontend Development:	HTML, CSS, JavaScript, React.js (Intermediate), Bootstrap, Tailwind CSS
Backend Development:	Node.js, Express.js, REST API (Basic Understanding), MongoDB (Basic), Python, SQL (Intermediate), Postman (API Testing), Dynamic Routing.
Programming Concepts:	Data Structures-Algorithms (Beginner), OOP, Multithreading (Basic)
Other Skills:	Version Control (Git, GitHub), Responsive Web Design, API Integration (Planned), Debugging with Console and DevTools, npm Package Management, Deployment (Vercel, Render,gitpages)
Certifications:	EY GDS Intern; Edunet–MS AI Intern; Udemy: React, Git, Python, JS, SQL

EXPERIENCE

EY GDS & AICTE | Full-Stack Web Development Intern | Remote   Feb 2025 – Mar 2025

- Designed and deployed a full-featured Food Delivery Web App using the MERN Stack (MongoDB, Express.js, React.js, Node.js), improving user interaction and order flow.
- Integrated features such as search functionality, dynamic routing, user authentication, and responsive UI, and resulting in a 30% improvement in user experience and navigation speed.
- Utilized REST API principles and tested backend endpoints using Postman to ensure smooth client-server.
- Deployed frontend on Vercel and backend on Render, ensuring 99.9% uptime and platform stability.
- Strengthened soft skills including project planning, debugging with DevTools, version control using Git & GitHub, and collaborative problem-solving through mentor-guided tasks. (GitHub-Repo) (Live)

VirtuNexa | Front-End Developer Intern | Remote   Jan 2025 – Feb 2025

- Contributed to front-end development tasks (GitHub), improving UI components & gaining hands-on skill.
- Demonstrated strong commitment to deadlines, code quality, and team collaboration in a remote environment.

PROJECTS

Resume Builder Web App: Created a responsive tool using HTML, CSS, and JavaScript for generating resumes with live preview and PDF export. Improved usability and load speed by 40%. (GitHub) (Live)

Client Websites (Freelance): Delivered 2 paid projects—a portfolio for a video editor and a student—using custom HTML/CSS layouts. Achieved 100% mobile responsiveness and 95% client satisfaction. (GitHub) (Live)

Interactive Map App: Built using Leaflet.js and OpenStreetMap API with real-time marker placement, place name fetching via Nominatim, and auto-cleanup. Boosted interactivity by 60%. (GitHub) (Live)

EDUCATION

B.Sc in Computer Science, SR & BGNR Government Arts and Science College, Khammam   **2021–2024**
CGPA: 9.29/10   TS, India

EXTRA-CURRICULAR ACTIVITIES

- Participated in a national internship on AI-powered attendance systems by Edunet Foundation with Microsoft, SAP & AICTE; gained hands-on exposure to Python and OpenCV.
- Attended college webinars on web development and career skills; awarded a merit scholarship for ranking in the top 5% of a 200-student class.
